

Philips Musculoskeletal Radiology Fellowship (Melbourne)

A twelve month Fellowship (Musculoskeletal) is available for suitably qualified medical practitioners. Applicants must have attained RANZCR Fellowship, or overseas equivalent.

Imaging @ Olympic Park is a unique radiology department specialising in Musculoskeletal and Sports Imaging. We are located in the new AAMI Stadium on Olympic Boulevard near Rod Laver Arena and the MCG.

Assoc. Prof David Connell, Dr John Pike and Dr Paul Marks are highly regarded Musculoskeletal Radiologists. They are passionate about their work and believe strongly in research and education. Together they have published well over 100 peer-reviewed articles. The practice has established itself as the premier centre for Melbourne's elite athletes.

Fellows will participate in the clinical/radiological/pathological meetings, teaching and research. The fellow will also be seconded to Monash University to teach Radiological Anatomy to medical students.

Equipment includes two Philips Ingenia 3T MRI scanner, a Philip Brilliance 64 CT Scanner, three Philips iU-22 Ultrasound Systems, Philips Digital Radiology System and Philips Interventional Fluoroscopy System.

Imaging @ Olympic Park has entered into a luminary partnership with Philips Healthcare which will ensure that the Imaging equipment is always cutting edge and enabling Imaging @ Olympic Park to offer an International Musculoskeletal Radiology Fellowship.
